

Pro-Tech Industries Signs \$5 Million Contract with a Sacramento Based Systems Integrator for State of California Technology Refresh Project

SACRAMENTO, Calif., Feb 24, 2009 (BUSINESS WIRE) -- Pro-Tech Industries ("PTI") (OTCBB:MMBW), a leader in design-build infrastructure services, has announced that it has signed an agreement through fiscal year of 2009/2010 with a large system integrator located in Sacramento, CA to assist in a technology refresh for the State of California's Department of Social Services. The project consists of site evaluations, infrastructure remediation and workstation deployment for 35 Counties. The estimated contract value is \$5 million through fiscal year 2010.

Pro-Tech's Telecommunication Division will perform the following, but not limited to services: Site Surveys/evaluations of existing system infrastructure, perform all remediation for electrical, cabling and other construction type services, verification of existing workstations, laptops and printers, installation of new workstations, laptops and printers and management oversight for all aspects of the above mentioned work. The management team that make up Pro-Tech's Telecommunication Division partnered with the same system integrator for the pilot project with four Counties back in 2003.

Jeff Jordeson, Director of Operations for Pro-Tech Industries Telecommunication Division, commented, "Working with this Sacramento based Systems Integrator has opened the door for many more opportunities between our two companies. We look forward to partnering on future public and private sector projects leveraging PTI's core competencies."

Pro-Tech Industries (OTCBB:MMBW) is a regional leader in design/build services for the following infrastructure segments: fire protection/life safety, alarm/detection, electrical, and voice/data communications. PTI has succeeded in creating a team of exceptional employees with the education and experience capable of building diverse and complex projects. Our staff is a small group of over-achievers, driving each other's success. We capitalize on our youthful core of people, keeping us in touch with the latest technology, trends and demands of an ever-changing construction industry.
